## Key points to consider when making your Post-16 choices

Do you prefer to learn in a practical or theoretical way?

Do you prefer to be assessed through coursework or exams?

Would you prefer an academic or vocational focus?

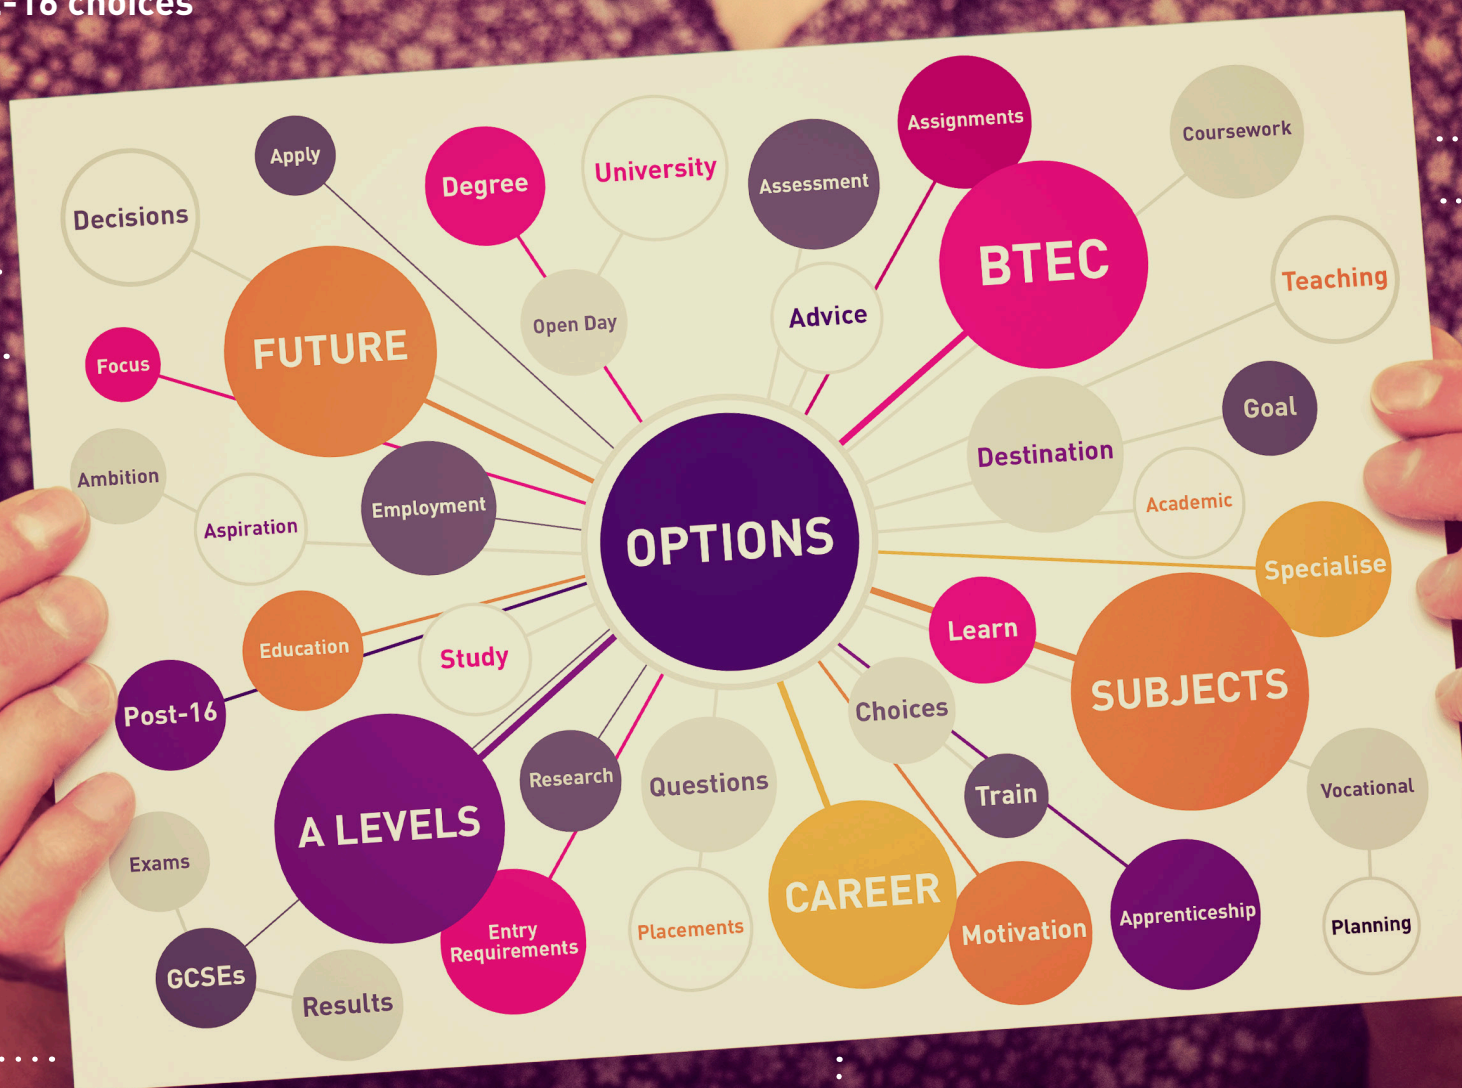

Would you like a course that has placement opportunities?

Are you unsure about your future plans? If so, choose subjects that you will enjoy the most!

Do you have a specific degree course/career in mind?

Do you want to focus on one particular field/area?

Do you have a particular university in mind - if so, what are their entry requirements?
